PART I – RATES OF DUTY

Calculation of duty

1. (1) The duty under section 9 in respect of any premises shall be determined, subject to paragraphs 2 to 5, in accordance with the following formula: —

$$D = C \times F \times 100$$

where —

- D = the duty chargeable;
- C = the aggregate of the charges in pence for playing a game once on each controlled machine registered under Schedule 2 in respect of the premises;
- F = a factor determined in accordance with the following table by reference to the number of controlled machines registered under Schedule 2 in respect of the premises: —

Table

Number of machines	F
1 to 24	1.0
25 to 49	1.1
50 to 74	1.2
75 to 99	1.3
100 to 124	1.4
125 to 149	1.5
150 to 174	1.6
175 to 199	1.7
200 to 224	1.8
225 to 249	1.9
250 or more	2.0

(2) For example, for premises on which 78 controlled machines are kept for use, the charge for playing each of which once is 10p, —

$$D = (78 \times 10p) \times 1.3 \times 100 = £1014.00.$$

4. If during any year the number of controlled machines registered under Schedule 2 in respect of any premises is increased, the duty under section 9 in respect of the premises shall be determined by reference to the increased number.

Alteration of machines

5. The aggregate of the charges for playing a game once on each controlled machine registered under Schedule 2 in respect of the premises shall be determined by reference to the amount of such charge for each machine so registered at any time during the year in question, the higher amount being taken where any such charge is altered, and credit (but no refund) being given on the disposal or destruction of a machine.

PART II – SUPPLEMENTARY PROVISIONS

Regulations

6. The duty under section 9 shall be under the management of the Gaming Board who may, after consulting the Treasury, make regulations providing for any matter for which provision appears to the Gaming Board to be necessary for the administration or enforcement of the duty.³³
