### **Travel and road safety experiences in Laxey, Lonan and Maughold 2022**

#### **Response sharing within the Garff Road Safety Working Group**

The Garff Road Safety Working Group aims to use the information provided by respondents to this consultation to decide how best to invest in and prioritise travel and road safety improvements in the survey area in the future. To enable this, the comments provided by respondents in the 'open text boxes' of this consultation will be made available within the Working Group.

These 'open text boxes' relate to the following topics:

- Details of the locations and speed limits you feel are not appropriate within the survey area
- Further information on the safety of, barriers to, and ideas for enabling active travel in general
- Further information on the safety of, barriers to, and ideas for enabling active travel to school
- Comments on issues or challenges when travelling to secondary schools from the survey area
- Comments on challenges or incidents when making journeys in the survey area

These comments will not be published in the public domain, and any personal data within these comments will not be shared. All of the comments will be anonymised.

The Garff Road Safety Working Group is made up of:

- Garff Commissioners
- Garff Members of the House of Keys (MHKs)
- Legislative Council representative
- Laxey and Dhoon Schools representative
- Representatives from local residents
- Isle of Man Constabulary representatives
- Department of Infrastructure representatives

If you have any concerns or questions about the sharing of this information within this group, please contact [Breeshey.Harkin@gov.im](mailto:Breeshey.Harkin@gov.im)
